Winter Break Holidays Homework
Class-2

Dear Parents

Vacation is here again! So why not utilize this golden period to Rejuvenate, Relax and Rewind! Gear up and utilize your time in the best possible manner. Here are some tips to make this period a fruitful experience for the children.

- **Set screen time rules and stick to them**

We all know it's far too easy to be busy and getting on and the kids are quiet because they are on their devices. But actually, it's not doing them any good in the long term. So set a scheduled time especially when they are on mobiles and other technological devices which should not exceed a limit to get them better at free play.

- **Involve the Kids in jobs**

Getting kids involved in jobs like cleaning, sorting out clothes, organizing books, writing thank you notes etc. will go a long way to enhance the confidence of your child.

- **Set them a challenge**

Give your kids a challenge. This could be a project like in art and craft, making cards, decorating their room, writing a story or a poem...something they can do a little bit every day.

- **Appreciate the time**

Do make the most of quality time with them. Let them interact and spend time with their grandparents and other elders in the family.

- **Follow a healthy schedule**

Let them know the value of eating healthy food, exercises, adequate amount of water" yoga and meditation, playing outdoor games and most importantly staying happy and cool.

- Let the child develop his/her handwriting skills by practicing a page of Hindi/English writing every alternate day" Practice makes one perfect.
- Help the child to enhance his/her Mathematical skills and concepts by working on solving problems, story sums, memorizing tables and applying math in real life.
- Make a PPT showing the things we get from Plants and Animals (Not more than 4 slides).
- Download the worksheets attached below and help children to do them. Upload the Holidays Homework in the Google Classroom after the school reopens.
- **ICT** - Explore different input output devices and make document file. Share the same in Google classroom.

Make each day fun filled 'Let them enjoy and join back rejuvenated!
