

Report of the Farewell

“Don’t be dismayed at goodbyes. A farewell is necessary before you can meet again. And meeting again, after moments or lifetimes, is certain for those who are friends.”

A farewell get-together for class twelfth students was arranged on 7th February 2020. It was celebrated at a very grand scale and students and teachers had a great time cherishing old memories and making new ones. The day was begun by lighting of diyas by the twelfth class students, which symbolized the spread of light and knowledge. Students of class eleventh sang a beautiful song invoking fond memories, that was deeply appreciated by all. Principal gave a hearty welcome to the gathering and encouraged the students to be fearless in their pursuits in life and keep the spirit of Salwan alive in their hearts. Our guest of honour- Dr. Sameer Malhotra, head of department of mental health and behavioural science at Max Super Speciality Hospital, Delhi, motivated the students with his inspirational talk on stress managing techniques, which, as was

expected, was a great learning experience for all. Next, the much awaited adventure activities followed. The students had a gala time participating in games such as body zorb, running bungee, mercy balance and much more. Halfway through the activities, lunch was held, which had many lip smacking North Indian dishes that everybody thoroughly enjoyed having. After lunch, the activities were resumed until late afternoon, followed by evening snacks

and dance. To cite Paulo Coelho, if we are brave enough to say goodbye, life will reward us with a new Hello. We all departed in one pursuit to meet a new life with a new hello.
