

Salwan Public School, MayurVihar III
Holiday Homework (Session - 2019-20)
Class- I and II

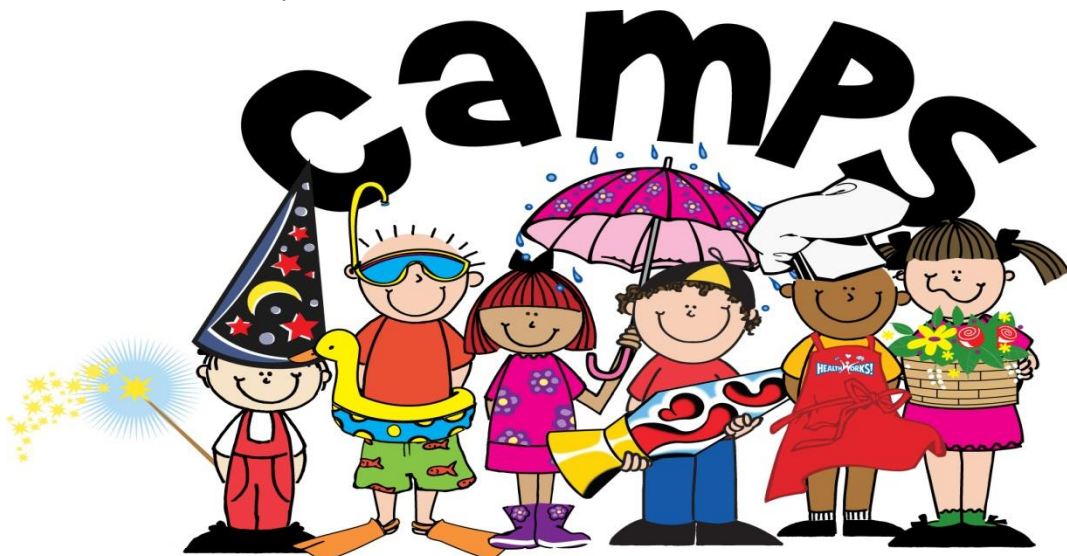

My dear little Salwanian,

Summer Vacation is synonymous with fun and frolic, going for picnics, playing for long hours, exploring new places and much more.... But, dear children, there is a lot more you can do to make your vacation more interesting and meaningful.....

Holidays are the most anticipated time of the year for everyone. It is the best time for acquiring new skills and learning good habits. I hope you will enjoy the vacations with your family and when you come back you will tell us your best experiences. Beat the heat by drinking lemonade, coconut water and eating fresh fruits. We wish you a very happy and a fruitful family time during this summer vacation. These are few little steps which can make your break enjoyable and joyful...

- Rise early to catch sunrise daily. Go for morning walks and do little exercise. Also have the pleasure of sitting in the lap of nature for a while. You will realize that you have the two precious gifts of God, Family and Nature.
- Play lots of outdoor games, don't worry about getting dirty.
- Visit your grandparents and spend quality time with them. Learn from their wisdom and gain from their experiences. Exchange stories with them and capture these beautiful moments with camera.
- Ask your parents to read a story book to you daily. Enhance your vocabulary by learning two words daily. Also use those words in your daily life to imbibe their usage. Revise the new words learnt in the vocabulary class.
- Converse in English with your friends and family members. Adopt Magic words like Please, Thank You and Excuse Me in your daily conversation.
- Keep a track of news headlines and also note the daily temperature.
- Help your parents a little by doing small task by yourself i.e. laying the dinner table; fetching a glass of water for family members whenever they reach back home.
- It is said that a person's handwriting is a reflection of a person's personality. Good handwriting helps you not only develop a good personality but it also helps you keep focused and motivated. Practice English and Hindi handwriting. Do a page of writing daily.
- Do all the work in A-3/A-4 size sheets.

Dear Parents,

- Make your child read Hindi and English story books and children's Science magazines as much as possible.
- Encourage them to undertake creative writing, both in Hindi and English. You can tell them to write their experiences about the vacation and maintain a daily diary too. Even watching good English movies / plays can be an enjoyable learning experience.
- To make them aware of their surroundings, tell them to watch various informative T.V. Channels like Discovery, National Geographic, History and Animal Planet.
- To enhance their creative talent, motivate them to draw / paint, make PPT presentations on any family celebration or any activity / place / concept that interest them.
- Let these assignments / projects be fun filled so that learning is always a pleasurable activity for our young children. We look forward to your co-operation.

$7 - 2 = \underline{\quad}$

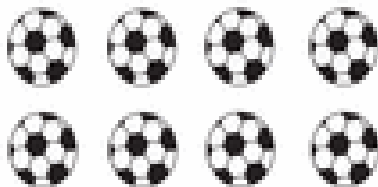

$6 - 5 = \underline{\quad}$

$10 - 1 = \underline{\quad}$

$9 - 2 = \underline{\quad}$

$8 - 4 = \underline{\quad}$

$10 - 7 = \underline{\quad}$

MATHS EXHIBITION

Fun combined with education makes for the best learning experience, taking this in consideration Maths Exhibition will be organised in the school after summer vacations.

Class 1

- (1) There will be a fashion show on Mathematics shapes that will beautifully reveal the notion that mathematics is the language through which God has written the whole universe. The students have to come in attire depicting mathematical shapes and speak few lines on the worn attire. Few students will be selected to participate in the mega exhibition.**
- (2) Prepare a chart on Mathematical shapes with the help of any material available at your home like matchstick , beads, kidney beans, etc.**

Class 2

- (1) Students of class 2 have to recite a poem based on mathematics in English . Props can be used to give an edge to the performance. Selected students will participate in mega exhibition .**
- (2) Make a chart on A3 sheet or a 3D project based on the theme - Mathematics in daily life.**

Note :- Summer vacation begins from 13th May 2019 to 30th June 2019. School will reopen on 1st July 2019.
Wish you all a happy and fun filled summer vacation.
